PROFESSIONAL SUMMARY

Frontend Developer with 2 years of professional experience in Angular-based web development and recent hands-on training in MERN Full Stack development. Skilled in React.js, JavaScript, TypeScript, Redux Toolkit, Tailwind CSS, Node.js, Express.js, MongoDB and SQL. Experienced in building responsive web applications, integrating REST APIs, developing full-stack projects, and implementing practical features using modern web technologies.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, TypeScript, Angular, Redux Toolkit, Tailwind CSS, HTML5, CSS3

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Mongoose, SQL

Tools & Technologies: Git, GitHub, VS Code, Postman, Vite

WORK EXPERIENCE

Front End Developer | Intact Green Services Pvt Ltd, Bengaluru | Mar 2019 – Feb 2020

- Crafted intuitive and reusable UI elements with HTML, CSS, and Angular, facilitating a 30% faster integration of new product features into the existing application.
- Integrated REST APIs, implemented dynamic data rendering, and resolved UI defects with development and QA teams.

Frontend Developer | Rhibhus Infosystem Pvt Ltd, Bengaluru | Mar 2020 – Jan 2021

- Developed and maintained responsive Angular interfaces with backend API integration and dynamic components.
- Enhanced features, fixed application issues, and collaborated with cross-functional teams to improve usability and performance.

INTERNSHIPS

Java Frontend Intern | Human IT Pvt Ltd | Dec 2017 – Mar 2018

- Developed and maintained frontend interfaces using Java-based web technologies.
- Assisted with UI development, debugging, and application testing.

Full Stack Web Developer Intern | Aitron | Sep 2018 – Feb 2019

- Assisted in developing web applications across frontend and backend components.
- Worked on application development, debugging, and integration of web features.

PROJECTS

PET ADOPTION PLATFORM | MERN FULL STACK

- Developed a role-based pet adoption platform using React, TypeScript, Node.js, Express.js and MongoDB.
- Implemented authentication, pet listings, adoption workflows, messaging and reviews to support the complete adoption process.
- Integrated Cloudinary for image uploads and built responsive interfaces for a practical user experience.

Technologies: React | TypeScript | Node.js | Express.js | MongoDB | Cloudinary

Live Demo: <https://pet-adoption-we.netlify.app>

EXPENSE TRACKER | MERN FULL STACK

- Developed a full-stack expense management application using React, TypeScript, Node.js, Express.js and MongoDB.
- Implemented secure user authentication, transaction management and category-based expense filtering.
- Added search functionality and spending summaries to help users track and review their expenses efficiently.

Technologies: React | TypeScript | Node.js | Express.js | MongoDB | JWT

Live Demo: <https://expensetrackerwebsapp.netlify.app>

BOOK MANAGEMENT SYSTEM | MERN FULL STACK

- Developed a full-stack book management application using React, TypeScript, Node.js, Express.js and MongoDB.
- Implemented authentication, book management, search and category-based book organisation.
- Built borrowing and returning workflows with borrowing history to manage and track user book activity.

Technologies: React | TypeScript | Node.js | Express.js | MongoDB | JWT

Live Demo: <https://mernbookmanagement.netlify.app>
